Chairman's Dinner

& Tour of Manda Machine

Join us for an exclusive opportunity to meet and hear from Eric Hagopian, the newly appointed Chairman of the National NTMA Board. This special evening offers members a chance to connect directly with new leadership and gain insight into the strategic vision and goals for the upcoming year.

Eric will share NTMA's (national organization) priorities, discuss key initiatives on the horizon, and answer your questions about NTMA's future direction. This is your chance to engage in meaningful dialogue and understand how these goals will benefit our members.

Eric Hagopian
Pilot Precision
Products

Eric Hagopian is owner and CEO of Pilot Precision Products, North America's largest manufacturer of precision broaching tools, located in South Deerfield, MA. The company was founded through acquiring and consolidating industry leaders duMONT and Hassay Savage, and exclusively distributes premium European cutting tool brands Magafor, Palbit, and GMauvaisUSA.

Previously, Eric owned and led Hoppe Technologies, a precision aerospace and defense manufacturer, and co-founded MachineMetrics, Inc., now a leading authority in real-time shop floor data acquisition. Eric serves on the National Tooling and Machining Association's Executive Committee (Chairman of the Board in 2026, Vice Chairman in 2025), The American Precision Museum, and several private company boards.
